

TRAIL ORIENTEERING ONLINE-EVENT №4

St. Petersburg (Russia)| 10th of May 2020 at 18.00 (Moscow time)

INFO

1. Organizers:

The trail-orienteering committee of St. Petersburg sport orienteering Federation.

2. The schedule (10th of May):

6:00 (Moscow time)– The deadline for registering (<https://orgeo.ru/event/12629>)

10:00 (Moscow time) – Publishing the start-list with participant`s ID: <http://o-site.spb.ru/race.php?id=200510&src=news>

10:00 (Moscow time) – Publishing the map on the web-page:

<http://o-site.spb.ru/race.php?id=200510&src=news> (It is recommended to print the map before opening the google-form with tasks)

18:00 (Moscow time) – Start of PreO (the opening of Google-form with PreO tasks): <https://docs.google.com/forms/d/e/>

19:30 (Moscow time) – Finish of PreO is closing.

19:41 (Moscow time) - Online Mass-start (the opening of Google-form with Time-control tasks): <https://docs.google.com/forms> *For not taking part in Time-control tasks – penalty 780 sec.*

19:51 (Moscow time) - Finish of Time-control is closing.

21:30 (Moscow time) – Publishing the official results and solutions.

3. Participants:

The event has the status of a free training, for all participants the only available group is “OPEN”.

4. Registration and entry fees:

The registration is submitting by the online-system ORGEO <https://orgeo.ru/event/12629> The deadline is 06:00AM 10th of May. The training is free for everyone.

5. Information:

Distance: PreO with 15 controls + Time-control.

The map with a route will be published in advance. In a PreO competition, competitors record their choices beyond each decision point. Participants must determine which of these prisms on the ground corresponds to the center of the circle on the map.

In PreO Google-form for some controls were made several additional photos from different points of view. The main photo will be marked as TИP1, TИP2 ... (a decision point #1, a decision point #2 and so one). Other additional photos will be marked as Φ1-1, Φ1-2... (additional photo #1 of the 1st control, additional photo #2 of the 1st control). They were made for a better understanding of the area.

Control markers do not have inscriptions or other designations, are defined as follows: clockwise - the leftmost is "A", next "B" "C", "D", "E", "F". Also, there is a possible situation when there is the absence of a flag on the object in the center of the circle, which is called the zero answer or "Z". Zero tolerance - 2m., 90°. Control descriptions are given in accordance with IOF rules.

At the Time-control with time-recording there will be three tasks. The time limit is **3 minutes**, a zero answer is impossible.

Cartographic material – A.Shirinyan

Preparation for trail-orienteeing - A. Bibich.

Taking photo: A.Volkov.

Head of the race – S.Rusakov.

Inspector: A.Kobzarev.

6.The process of start.

After the registration closing all participants will get an ID-number. ID-numbers will be published at the start-list on the [web-page](#). ID-numbers must be entering via Google-forms (firstly – for PreO, secondly – for Time-control). Check that you entered your start-ID (in other reason –your result could be lost).

A screenshot of a Google Form input field. At the top left, it says "Введите стартовый номер из протокола. *". At the top right, it says "0 баллов". In the center, there is a label "СТАРТОВЫЙ НОМЕР (Start ID)". The input field is empty.

E.g. of google-form with the space for ID-number

At 18:00 (Moscow time) PreO` Google-form will automatically open access to tasks. At 19:30 the form will be closed. The time is fixed by clicking on the "Submit" button.

At 19:41 (Moscow time) Time-control`s Google-form will automatically open access to tasks.

At 19:51 (Moscow time) Time-control`s Google-form will be closed. The time is fixed by clicking on the "Submit" button. For not taking part in Time-control tasks – penalty 780 sec.

It is not recommended to open the Google-form with an unstable Internet connection.

7. Summing up:

In a PreO competition, each correctly identified control (excluding Timed Controls) scores one point. The ranking of participants with the same number of correct answers is based on the results of the time-control. The result for the time-control is determined by the sum of the time and the penalty (60 seconds for each wrong answer)

In the final results, the participants are arranged in the following order: firstly - those who kept fit in the time limit of PreO, then - who did not keep fit in the time limit of PreO, at the bottom of the results - who did not take part in Time-control tasks.

The final results and solutions will be published on the webpage <http://o-site.spb.ru/race.php?id=200510&src=news> and at VK-group https://vk.com/spb_orient
