3. Information

Map: The map was prepared in 2018-2019 (V. Dobretsov). ISOM-2017. The materials of the map of A. Shirinyan (2013-2014) were used. Preparation for trail-orienteeing and taking photos: A. Bibich, A.Volkov.

Reclaimed quarry. Relief of artificial origin (mainly small forms). Semi-open land, pine planting. Sites of sandy soil. The edges of the quarry are steep slopes with sand scree, up to 40 m high.

PHOTO-ORIENTEEING

The event is held in an online format. A map of the area with a course in a specific order will be published for participants. The "passing" of the course takes place in the format of Google-forms. Starting the “movement” from the start to the control points, it is necessary to determine which of the proposed photographs corresponds to a specific point on the map.

How to take part in:

Open Google-form. Download the map and print it. **On 12th June since 10:00 to 20:00** (Moscow time) Photo-Orienteeing will be available for participating. Before you start – enter your Name and Surname, Club and e-mail (for registration).

Control points in Google-form are arranged in order. Transition from one control point to another is made by pressing the “Next” button. It is possible to return by clicking the "Back" button and change the answer. After completing all the answers and clicking the “Send” button, your answers will be transmitted to the organizers and nothing can be changed. If you stop filling out the Google form, the answers are not saved.

It is recommended to complete the race only once! All participants awarded with diplomas.

4. Summing Up.

The final results will be published on webpage <http://o-site.spb.ru/race.php?id=200612&src=news> and at VK-group https://vk.com/spb_orient
